

TRAPROCK RIDGE LAND CONSERVANCY

PRESENTS:

SNAKES of Connecticut

Connecticut is native to 14 species of snakes. Brian Kleinman (the owner of Riverside Reptiles Education Center) will present a 50-minute long slide presentation on the natural history and identification of our indigenous snake species.

After the slide presentation you will meet and touch some live snakes!

When: **Tuesday, Nov. 28th 6:30pm**

Where: **Elmwood Community Center,**
1106 New Britain Ave., West Hartford

Note: Follow signs to Elmwood Community Center parking lot. Follow driveway around to the main parking lot. Entrance to building is located across from the circle where the flag pole stands.

Traprock Ridge Land Conservancy is a regional land conservation group comprised of Bloomfield, East Granby and West Hartford.
